# BT-03 INTERIOR WALL ELEVATIONS, VITRINE SECTION & MATTE PAINT SPECIFICATION

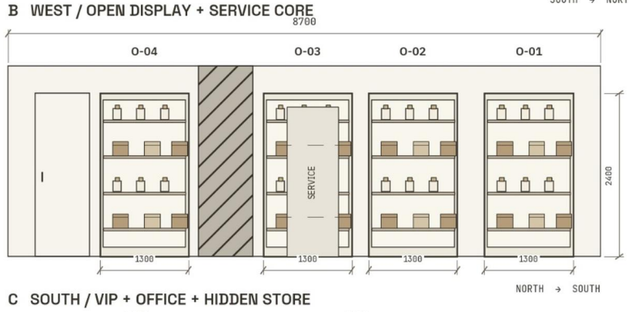

## E-01..E-03 · D-01 DIMENSIONED INTERIOR ELEVATIONS AND VITRINE SECTION

CAD reference: ceiling +2,800 · display +2,400

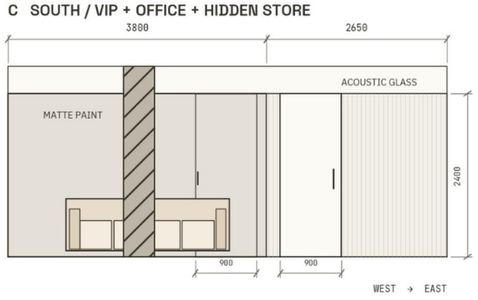

### A EAST / HIGH-SECURITY VITRINES

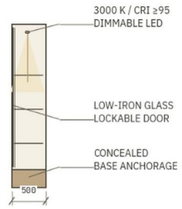

### B WEST / OPEN DISPLAY + SERVICE CORE

### C SOUTH / VIP + OFFICE + HIDDEN STORE

### VITRINE / SECTION

### PAINT + HARDWARE

- **OC-17 White Dove** #F3EFE6 / MATTE PAINT
- **OC-85 Pale Oak** #E6DEC8 / MATTE PAINT
- **Champagne Bronze** #C5B08B / SATIN METAL

### DISPLAY SCHEDULE / mm

| | |
|---|---|
| V-01–04 | 1150 × 500 × 2400 |
| V-05–06 | 1100 × 500 × 2400 |
| P-01–03 | 650 × 650 × 1400 |
| O-01–04 | 1300 × 420 × 2400 |
| I-01 | 2400 × 1100 × 950 |
| R-01 | 2200 × 750 × 1050 |

**HEIGHT DATUM +0.000**

Ceiling +2.800 m / display +2.400 m

Painted joinery; no stone or wall veneers.

## KEY ELEVATION INDEX

| REF | SHEET LABEL | VIEW |
|---|---|---|
| E-01 | A | East vitrine wall, V-01..V-06 |
| E-02 | B | West open shelving, O-01..O-04, service core |
| E-03 | C | South: VIP, office acoustic glass, hidden-store jib door |
| D-01 | Section | Vitrine: LED, low-iron glass, lockable door, base anchorage |

## DISPLAY SCHEDULE

W × D × H mm, from layout_geometry.json

| TAG | SIZE |
|---|---|
| V-01..04 | 1,150 × 500 × 2,400 |
| V-05..06 | 1,100 × 500 × 2,400 |
| P-01..03 | 650 × 650 × 1,400 |
| O-01..04 | 1,300 × 420 × 2,400 |
| I-01 | 2,400 × 1,100 × 950 |
| R-01 | 2,200 × 750 × 1,050 |

Wall relief comes only from drywall geometry and shadow-gap reveals; finish is paint. Elevation widths, heights and door positions follow the coordinate model; site survey needed for door clearances.

## MATTE PAINT & MATERIAL SPECIFICATION

**Paint only: no stone wall cladding, no wood veneer wall panels, per client budget brief**

Hex = screen approximation; confirm against physical swatch fan before ordering

BM OC-17 #F3EFE6

**White Dove / matte interior paint**

Project digital colour target
Roughness 0.85

**Applied:** Walls, COL-01..04, ceiling

BM OC-85 #E6DEC8

**Pale Oak / matte interior paint**

Project digital colour target
Roughness 0.85

**Applied:** Niches and painted fixture bases

FAB-01 #EEE6D8

**Warm cream bouclé**

Procedural Blender fibre relief
Soft matte upholstery

**Applied:** Curved VIP sofa and armchairs

MET-01 #C5B08B

**Satin champagne metal**

Small-section metalwork
Satin

**Applied:** Vitrine frames and hardware

GLZ-01 CLEAR GLASS

**Clear display glass**

Native transmission shader
Lockable display / modelled hardware

**Applied:** Vitrines and office glazing

FLR-01 #EAE4DA

**Warm ivory floor**

Existing finish subject to survey
No stone wall cladding

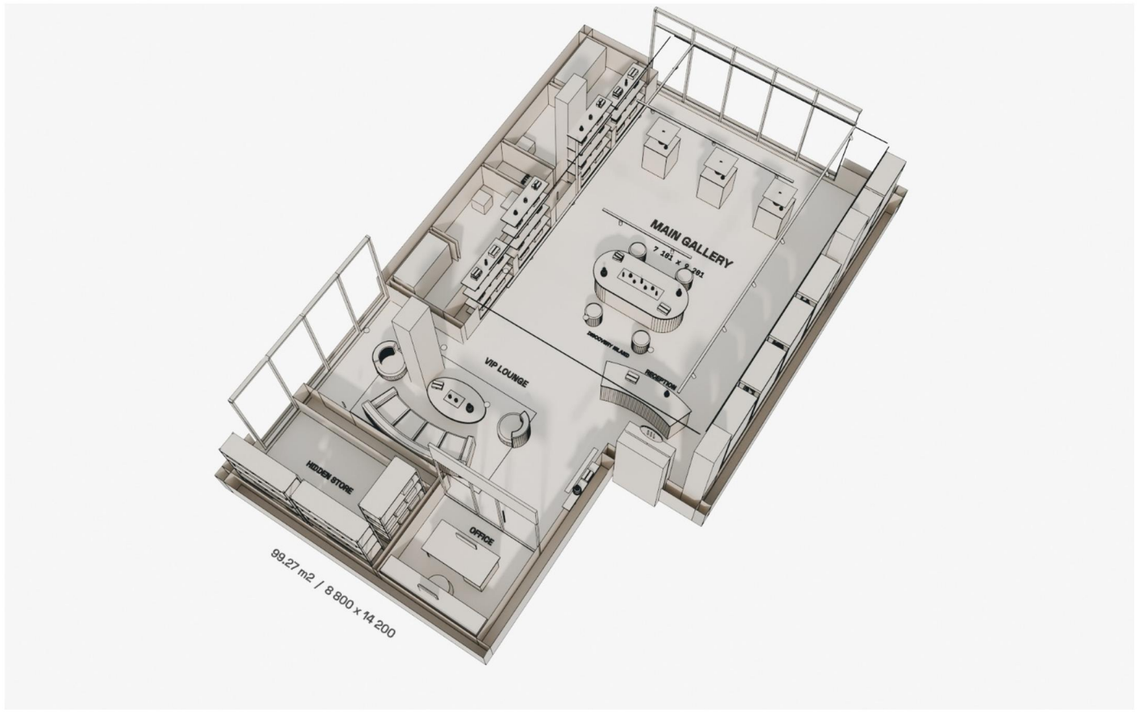

**Applied:** Continuous light neutral floor

| PROJECT | CONTEST | SCALE | UNITS | SOFTWARE | SHEET |
|---|---|---|---|---|---|
| LUXURY CRYSTAL & PERFUME BOUTIQUE (99.27 SQM) | #2801401 | AS SHOWN (GRAPHIC BAR) | MM | DWG / DXF + BLENDER 5.1.1 CYCLES | BT-03 / 04 · REV.03 |

**VIEW 03 / CRYSTAL VITRINE DETAIL** Blender 5.1.1 / Cycles

**VIEW 04 / NATIVE SECTION + MESH** Clay / Freestyle

## Native model / reproducible views

934 mesh objects · 47,124 evaluated vertices. Parametric objects, live Boolean openings, actual glass and procedural fabrics.

VIEW 01 and VIEW 02 are paired with clay + Freestyle views using identical camera matrices, lenses, shifts, pixel dimensions and evaluated mesh hashes. Glass stays transparent in the proof.

Camera-pair verification: 2 / 2. Evidence: exports/render_manifest.json. The cutaway is an architectural section of the perspective model.

## Paint, light and display

Walls, four structural columns and ceiling: BM OC-17 White Dove #F3EFE6. Painted niches and fixture bases: BM OC-85 Pale Oak #E6DEC8. Both matte, roughness 0.85.

Broad neutral area lights, softened daylight and ceiling bounce keep the interior open and luminous. Modelled locks, low-iron glass and faceted crystal distinguish secure display from open product shelves.

Wood appears only in gift boxes and furniture. No stone, travertine, wood veneer or heavy panel wall finishes.

## Editable handover / REV.03

| | |
|---|---|
| .BLEND | Perspective scene + CAD axonometric model |
| .DWG / .DXF | Native binary DWG; editable R2010 DXF dimensions |
| .JPG / .PDF | Six renders + four 3200 × 2400 boards + A3 PDF |
| .PY / .JSON | Build scripts, camera records, material audit, hashes |

99.27 sqm is the client's source label; CAD coordinate area excluding the service core is 98.43 sqm. CAD and detailed perspective layouts retain separate fit-out assumptions; same-camera proof applies to render pairs.

Client-supplied product references are separate from the design renders. Zero AI image generation in the submitted interior views. See docs/REV03.md for scope and rebuild commands.
